the public school phenomenon 597 1977 In the United States, the school-to-prison pipeline (SPP), also known as the school-to-prison link or the schoolhouse-to-jailhouse track, is the disproportionate tendency of minors and young adults from disadvantaged backgrounds to become incarcerated, because of increasingly harsh school and municipal policies. Many experts have credited factors such as school disturbance laws, zero tolerance ...

the public school phenomenon 597 1977 Water fluoridation is a peculiarly American phenomenon. It started at a time when Asbestos lined our pipes, lead was added to gasoline, PCBs filled our transformers and DDT was deemed so "safe and effective" that officials felt no qualms spraying kids in school classrooms and seated at picnic tables.
