the public sector today new perspective in economic reforms

the public sector today pdf

the public sector today new perspective in economic reforms We have heard a great deal in recent years of the "public sector," and solemn discussions abound through the land on whether or not the public sector should be increased vis-à-vis the "private sector." The very terminology is redolent of pure science, and indeed it emerges from the supposedly scientific, if rather grubby, world of "national-income statistics."
