the public sphere in muslim societies Having spent a considerable part of my professional and academic life thinking and writing about the public sphere, it still amazes me how nebulous this concept is, and how difficult it is to be clear about what we mean when we talk about "the public sphere." Academics write multi-volume books

the public sphere in muslim societies In public relations and communication science, publics are groups of individual people, and the public (a.k.a. the general public) is the totality of such groupings. This is a different concept to the sociological concept of the Öffentlichkeit or public sphere. The concept of a public has also been defined in political science, psychology, marketing, and advertising.
