the publishers weekly volume 67 part 2 I think Nicholas is hitting on something much deeper than a criticism of current writing. It is a response to the sheer volume of what is being produced " especially compared to how many are actually reading " and more importantly, the general feeling out there it is good to produce, produce, produce.

the publishers weekly volume 67 part 2 Thirdly, we distinguish a category of activities most commonly associated with "running a household": domestic cleaning practices. Such practices are guided by a social practice rule (when the house is dirty, it should be cleaned), which in practice is mixed with other considerations (a house is cleaned when its residents have time, or when the maid arrives, or when guests are expected, for ...
